And

The Council of Independent Colleges (CIC) ([CIC Website](#))

The list of schools participating in each program can be viewed through the following steps:

CIC – www.cic.edu – click “Members Services” – select “Tuition Exchange Program (TEP)” – you can search for a specific institution or click “View/Print all Institutions” and the list will populate alphabetically.

Please note that admittance is not guaranteed for either of these two programs. Please read the attached policy document to learn more about the guidelines for both programs. Be sure to submit an enrollment application to the institution(s) of interest prior to submitting the corresponding application(s) to TE/CIC. **Students, not employees, should be filling out and submitting the applications.** If an applicant is accepted to TE, the applicant is responsible for the yearly participation fee which will be invoiced and paid through the Business Office.
